## How the Big Storm Damaged Brookhaven In Its Awful Sweep

COUNTLESS trees are down all over the village—some uprooted, and some snapped off at various heights.

George Miller estimates a loss of at least 100 trees including two large evergreens in the family burying ground.

The wind seems to have hit the corner of South County road and Beaver Dam road with particular force and flattened a whole row of trees on the property of Mrs. James H. Post.

The trees on the property of Herbert Burnett were severely damaged. Frank Hutton reports that the damage of wind from the east and drove a wall of water against their house (at the foot of Hawkins lane) and flooded it to the depth of 22 inches.

The fire department was called to the foot of Bay road during the early part of the storm and took several people from their houses by rooftop. The Grover Elston family, Mr. A. C. Bishop, Miss McGovern and others were rescued in that fashion.

The William Anderson house on Bay road is said to be badly damaged by water. The roof of the shed of the truck garage on the Walter E. Corrigan property was blown down on top of the truck. Mrs. Lettie Zalkow's barn on Montauk highway was blown down.

In comparison to the number of trees down, very few houses or buildings were hit. Mrs. Alfred Brown was alone at Smith Point beach, it is reported, when her husband and Harold Bann came to the mainland for supplies. They were unable to return and did not get her until yesterday morning. The main part of the pavilion was washed away but she took refuge in the women's pavilion.

George A. Soper, Jr., lost almost all his trees—the two evergreens immediately in front of his home and several of the large maples along the footpath.

The chimney was knocked from Jesse E. Johnson's house. Beaver Dam road was closed over the creek as the roadways, with the exception of the concrete paving in the middle of the road, were away.

The loss of Mrs. Thomas L. Morrow's property is completely destroyed and the oak grove around Louis Blume's house is in ruins.

election of officers, Value of Music and Physical Training in the School, B. Tabatschick, Travel, A Liberal Education, Jack van Brundage, May 15, 8 p. m., installation of officers, music entertainment.

At Morrow's meeting it was also decided to offer a book prize to the grade in the school having the highest percentage of correct answers at the meetings. Plans for a sale of miscellaneous articles including needlework, handicrafts and baked goods were also discussed, the sale to take place some time in November.

Principal Terry also gave an outline of the school's aims and work for the year. In addition to regular schoolwork and physical education, Mr. Terry spoke of the new clubs, covering the sciences and drama, which are soon to be organized throughout the school.
